

Memo

To: Trustee Meroni, Roads & Bridges
From: Robert Kosin
CC: Board of Trustees, Village President
Date: June 21, 2013
Re: BACT Heritage Corridor

Representatives from the Barrington Area Conservation Trust (BACT) intend to address the Board of Trustees during its June meeting about signage for the Heritage Corridors that have been established on roads in the Village of Barrington Hills.

An example of the type of signage is attached.

As the Village has no prior experience nor standards of signage for other than traffic control, if it is the inclination of the Board that further consideration would best be given through the Roads and Bridges Committee.
